Public Hearing Disclaimer:
This map has been designed as a tool to be used in determining the order of speakers at this public hearing and is based on the best information available to the Louisiana Department of Environmental Quality's GIS Center at this time. The 2 mile radius circle was drawn around a point which approximates the center of the facility site. It is recognized that the shape and the exact location of the 2 mile radius circle would vary slightly if property boundaries had been followed, as opposed to drawing the center of the facility. Again, this map is solely a tool to help speakers determine their location in relation to the facility.

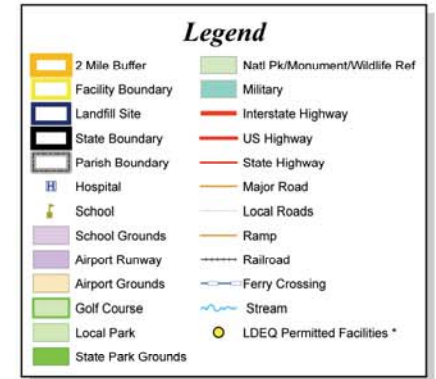

LDEQ Disclaimer:
The Louisiana Department of Environmental Quality (LDEQ) has made every reasonable effort to ensure quality and accuracy in producing this map or data set. Nevertheless, the user should be aware that the information on which it is based may have come from any of a variety of sources, which are of varying degrees of accuracy.
